Brothers and Sisters,

Over the past few days, there were survey results in a newsletter being circulated containing inappropriate remarks by a member. As a Local we cannot support or condone these types of comments. The comments contained in the newsletter do not reflect the views of TWU 555.

Immediate action was taken to remove all copies from the stations and workplace. This was handled swiftly and expeditiously by the station representatives.

It is unfortunate the survey results and the comments therein were not properly edited prior to publication. The leadership of TWU 555 recognizes this and has taken appropriate measures to ensure all information distributed to the membership represents the importance of a workplace free of discrimination.
