

Hello,

My name is Marwyn Hughes, but many of you may know me as Larry. I'm running for District 1 Representative. I've been with Southwest Airlines at BWI for 12 years and I've been a union representative for 7 years. I've been a system board player and I've sat in on many arbitrations. I would like for you all to vote for me in the upcoming election to become your District 1 Representative. I can guarantee you that I will put forth my best effort in making sure your needs, both members and representatives, are met. I will make numerous station visits, but my number one priority will be to make sure your voices are heard. I will keep an open line of communication with my station representatives and my phone and email will always be open and available for all members. Finally, as your District 1 Representative, I will attend trainings and classes in Labor Relations so I will be better equipped to assist and support you in every aspect possible.

Let your voices be heard!

Vote Marwyn Hughes for your next District 1 Representative
