JERRY MCCRUMMEN
1ST VICE PRESIDENT

YOUR  VOTE
MATTERS

My name is **Jerry McCrummen** and I am asking for this membership to allow me the privilege of serving you by casting a vote for me for the position of 1st Vice President. For **experienced, integrity, and trusted leadership** vote for the most qualified candidate. I have served 5 terms in the very capacity for which I am running for. My work ethic is beyond reproach and second to none. I will continue to serve honorably with **character and vision**. It is about maintaining a professional relationship, one without rancor and diatribe between SWA and TWU, in order to represent and protect the deserving, hardworking, members of this Local from attacks on their benefits and quality of life. We have to know when to use the sword or diplomacy. I fully believe that there are those that will try to use social media as their platform. Just because it is stated on social media does not make it so. I will not respond on Facebook but I will answer any questions or address any concerns that a member may have by calling me directly, on my personal phone (972) 800-3557 or by email gmccrummen6935@gmail.com. I have a personal Zoom account that I will gladly set up a Zoom call with any participant or group if sought. If you like the progress and direction **our** Local has made in the last 3 years, I am the candidate with the experience to forge ahead with our newly elected President. I have signed on for this task due to the events of the past year. The pandemic, concessions by SWA, threat of furloughs and negotiation preparations due to these factors, experience matters now more than ever. I promise we will see it through together and will not quit serving this membership. I have served this membership in many capacities. I will continue to guide agents through the Workers Compensation, FMLA, and State Leave laws. **JUNTOS PODEMOS – TOGETHER WE CAN**
