Re: Thank you for participating in the Post Tentative Agreement Survey

Brothers and Sisters,

Following the vote on the Tentative Agreement, TWU 555 Members were asked to clarify what improvements are necessary for the next agreement. You responded and recorded the highest survey participation in our Local's history. Your Negotiating Committee began reading and categorizing your responses shortly after the survey opened. We will continue compiling survey data and forming new proposals as we prepare to return to the negotiating table in the last week of November.

Thank you to everyone who participated in this important survey and encouraged others to participate. Your responses provide clear directions on what is important to our Members.

Our solidarity will speak volumes to the Company. We must return to the table as a unified force in order to secure the contract we all deserve. We are stronger together.

Please continue to take advantage of all the platforms that we use to disburse information to the Members by clicking on the following links:
